

On the road towards sustainable food systems

A diverse sector

At the heart of the food chain

Sustainable growth of the Belgian food industry

Society

1. Ensuring food safety
2. Eating well, exercising more
3. Communicating, an important responsibility
4. Living in harmony with the community

People

1. Creating employment
2. Developing the skills of employees
3. Ensuring a quality working environment
4. Ensuring good working conditions, also outside our companies and beyond our borders

2017 – 2021
Sustainability strategy:
4 pillars and 19 objectives

Prosperity

1. Earning a living
2. Allow the market to function properly
3. Have the resources to produce adequately
4. Adapt and innovate
5. Incorporating local raw materials into products
6. Maintain and develop SMEs
7. Offer Belgian products worldwide

Planet

1. Limiting the consumption of natural resources
2. Reducing emissions
3. Optimising packaging
4. Respecting the environment, all along the chain

Society

Together with retailers
and government, we
make the healthy
choice the easy choice

Fevia

People
Together with
Alimento, we launched
a Career Fund to
support companies and
their food heroes to
prepare for the future

Prosperity

Together with our value chain partners, we create shared value by investing in innovation and export

Planet

Together with our partners in the value chain we launched an ambitious plan with clear commitments for more sustainable packaging

Let's co-create a sustainable food
system
